Quality - Reliability - Service

With a Manufacturing experience of more than 100 years Elmed Instruments was established in 1994 and today is a leading name in the Surgical Industry. Building upon the strength of its highly skilled workers, by being responsive to the feedback from its clients and with their technical assistance, Elmed was able to achieve its target from the very first year. This has become a tradition at the company and in a short span of time, the name Elmed has come to be known worldwide as a symbol of QUALITY, RELIABILITY and SERVICE. We can say with some satisfaction that we have been successful in achieving our targets.

Elmed currently operates from its premises on the outskirts of Sialkot city with a covered area of around 200,000sq ft. With a skilled work force of 800 and up dated machinery, Elmed has the capacity to manufacture the most sophisticated instruments and it has been successful in catering to the needs of its valued clients all over the world.

For complete compliance with our customers and international standards, we at Elmed import all raw materials and stainless steel from Europe and Japan, in the required grades necessary for the production of different types of surgical instruments.
